

# 2022-2023 Job Shadow Registration Form

Follow these steps, *in this order*, to have a successful Job Shadow

1. **Return** the Job Shadow Registration Form to your school counselor for signature. (Your school counselor will forward your request to the School to Work office to schedule your shadow experience. If your registration form is incomplete, it will be returned to you.)
2. **Be patient** – response time will vary! It may take between 2 weeks and 2 months to schedule your job shadow, depending on the business partner’s schedule.
3. **Meet with** the School to Work Coordinator to get a Job Shadow Project Packet. You must have the packet! The Coordinator will set up the meeting through the school counselor’s office.

**Remember – transportation is your responsibility!**
